

**All consultations on General Internal Medicine
are by appointment only**

Consultations to General Internal Medicine have been changed to “**by appointment only**” to prevent the spread of novel coronavirus.

Please note that patients without prior appointments will not be attended.

If you wish to have a consultation for fever or cold symptoms, please initially go to a nearest clinic. You will be referred to our hospital from that clinic if necessary.

For inquiries regarding infection with the new coronavirus, please ask the public health office(hokenjo) in your area of residence and follow their instructions.

Thank you for your understanding and cooperation.
